OLS Technology

MICROSOFT 365 BUSINESS PREMIUM

More Than Email. Advanced Security, Compliance, and Efficiency for SMBs.

WHY UPGRADE FROM BASIC OR STANDARD?

If your business is still on Microsoft 365 Business Basic or Standard, **you're missing critical tools that protect your data, secure your devices, and streamline day-to-day operations.**

TOP BUSINESS BENEFITS OF MICROSOFT 365 BUSINESS PREMIUM

Built-in Cybersecurity

Defend against phishing, ransomware, and data loss with advanced threat protection tools like Microsoft Defender for Office 365.

Secure Devices – Anywhere

Remotely manage and protect laptops, smartphones, and tablets – great for hybrid workforces or field teams.

Data Protection & Compliance

Classify, label, and encrypt sensitive data across emails and files – especially important in regulated industries.

Simplified IT Management

Streamline how IT is managed across devices, users, and data—without adding extra complexity.

Productivity with Peace of Mind

Keep the tools your teams already use – Word, Excel, Teams, Outlook – but with stronger security and mobility.

POWERFUL SECURITY AND IT, BUILT AND PRICED FOR SMBS.

Microsoft 365 Business Premium delivers the advanced security, mobility, and management features growing businesses need—without the high costs or complexity of traditional enterprise solutions. It's powerful, practical, and purpose-built for SMBs ready to level up their tech alongside their business.

REAL WORLD VALUE BY INDUSTRY

Manufacturing

Protect IP and designs, even off-network. Prevent data leaks from shop floor devices. Avoid downtime from ransomware or breach.

Construction

Secure mobile workers and field data. Manage lost/stolen laptops remotely. Fewer IT headaches, faster device turnover.

Professional Services

Shield client data and support compliance. Meet data privacy requirements with ease. Protect reputation and billable hours.

Business Accelerator	Estimated Annual Benefit per 50 Employees
Reduced risk of data breach	$20,000–$50,000
Saved productivity (downtime)	$5,000–$15,000
Consolidated tools savings	$3,000–$10,000
Lower IT management costs	$5,000–$20,000
Total Estimated ROI	**$30,000–$90,000+**
